Concerning compliance with European/Belgian legislation and regulations concerning privacy

Dear Lady/Sir

In my capacity as Data Protection Officer of KU Leuven, I confirm that KU Leuven in general and the abovementioned project in particular complies with the principles and regulations of the European Union (GDPR) and the national legislation regarding data protection of personal data. The project has been screened thoroughly and given approval by our ethics committee. All technical measures have been taken to guarantee safe and protected preservation of data. All relevant information concerning the data processing has been registered in our records of processing activities.

Best regards
